LIFELONG LEARNING

Explore Your World! Jr. Naturalist – Grades 4-8

Using curriculum from the Illinois Department of Natural Resources, we'll start by understanding science in the natural world by looking at lifecycles, ecosystems and the important role pollinators play. Next, you'll get to play with your food! Learn the basics of chemical reactions in the kitchen and taste the fruits of your labor with an all-natural snack. You'll also get creative with art projects made from nature. On the last day of camp we'll make a colorful t-shirt design using only flowers!

Maddie Lee

Mon-Fri (5 Sessions), 6/25-6/29, 9AM-12PM

Heartland Pontiac Center Rm 221

The Magician's Workshop – Grades 4-8

Become a magician. Learn this performing art from a professional magician. Entertain your friends and family while learning how to perform a wide variety of magic with playing cards, money, rope and mind reading. Plus, make your own special magic props. All supplies and a printed class handbook of instructions are provided.

Write On: A Young Writer's Workshop – Grades 5-8

This lively and interactive class introduces the elements of writing a good story. You will participate in short, guided writing sessions and hands-on activities that help you create believable characters and plot a story from start to finish. You will explore where ideas come from and examine works of current literature to understand how they're constructed.

Speak Up: A Young Speaker's Workshop – Grades 5-8

Develop the foundational skills to give an effective oral presentation. You'll learn the basics of public speaking from speaking anxiety to vocal projection and everything in between. Because practice makes perfect you'll perfect your skills by practicing. Put what you learn into play on the last day by giving a final speech.
